

At Woodrow...

We want maths to make sense

We want maths to be meaningful

We want encourage a positive attitude

We want maths to be fun!

And it all starts in Foundation Stage

Resources

Approach

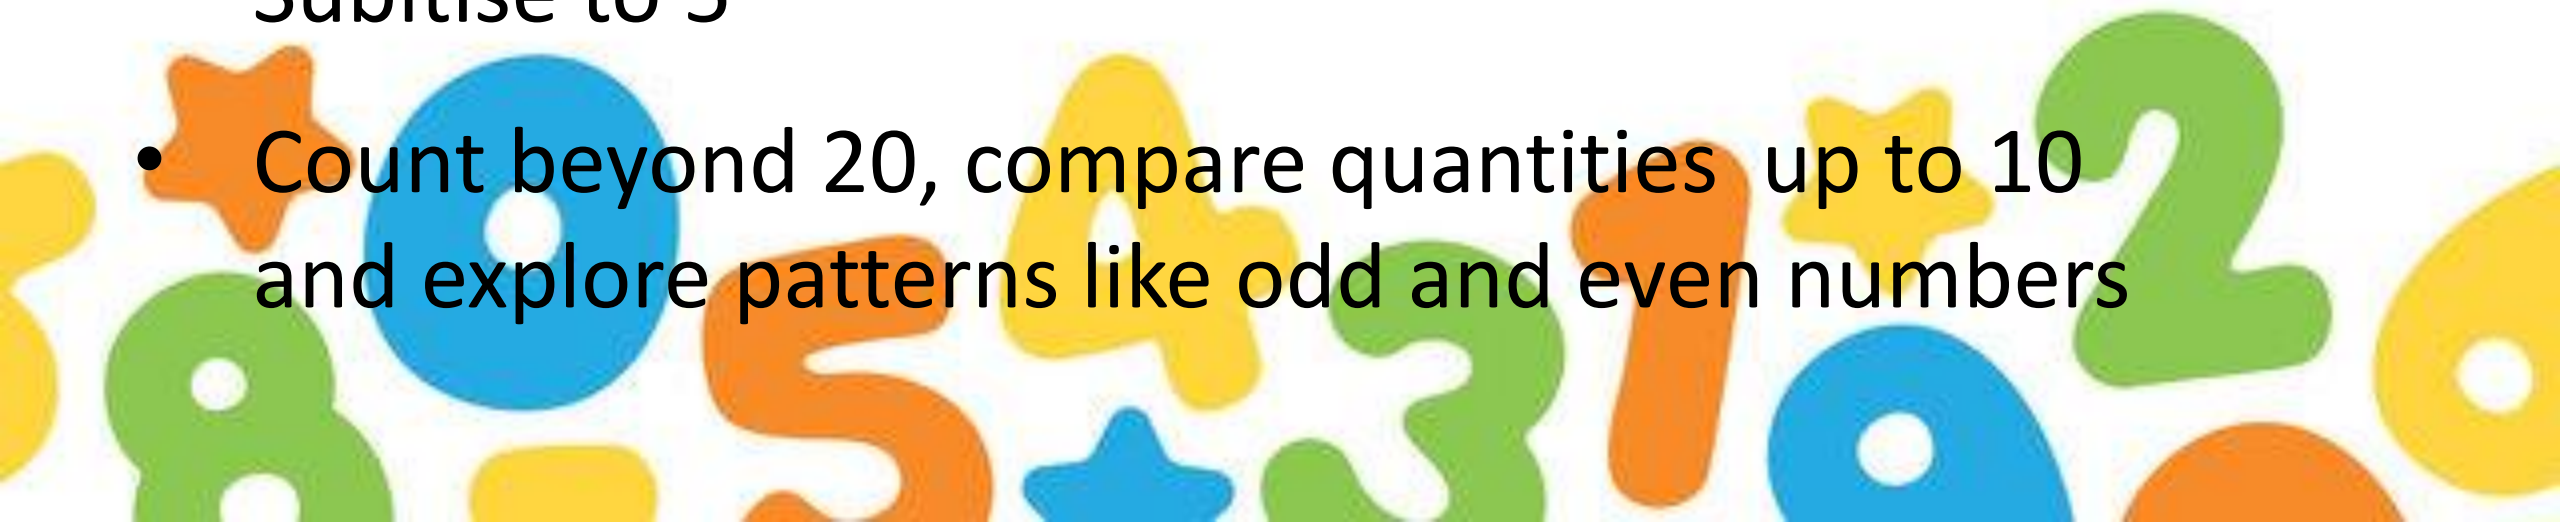

Vocabulary

Early Learning Goals

By the end of Foundation Stage:

- Deep understanding of numbers to 10
 $3+7=10$ but also $3+4=7$ and $5-2=3$
- Automatically to 5
- Subitise to 5
- Count beyond 20, compare quantities up to 10 and explore patterns like odd and even numbers

Development Matters

The steps to reaching the ELG

An example:

Birth to 3- count in everyday contexts 1,2,3,5

3 to 4- Link written numerals to 5 and say numbers past 5

Reception- Explore numbers to 10 (composition)

SEN

- Adult as a resource
- Individualised provision- parent support
- Create maths within their preferred context

Moving on...

How you can help your child?

Research shows children benefit hugely from parent support.

Numberblocks

Counting: steps, dice, cars...
