EdShed has 2 sites which can be accessed by the children both at home and at school. Spelling Shed is used for practicing spelling words containing the phonemes being taught in school. Maths Shed has lots of challenges to practice number bonds.

The dashboard features the EdShed logo and a user profile icon. It includes three main sections: 'Assignments' with 2 games set for you, 'Challenges' for playing against others, and 'Leagues' for player and class leagues. Below these are four game tiles: 'Spelling Shed' (Play! button), 'Phonics Shed' (Coming Soon), 'MathShed' (Play! button), and 'QUIZSHED' (Play! button).
